

NOTE TO FILE WD34

**Re: New mitigation request received by Water District 34**

I spoke with the watermaster Bob Duke on the telephone on May 12, 2004. He informed me that the Water District received another mitigation request on May 12, 2004 from N.K. Sowards. He read the request to me over the phone. The mitigation request was made along with Mr. Sowards initial call for delivery of water, so I told the watermaster that I believe it has to be recognized as a timely request. Mr. Sowards did not specifically list his water rights, so we will have to assume the request is for all water rights listed in his name. I requested that the watermaster fax me a copy of the request.

A handwritten signature in cursive script, reading "Jennifer Berkey". The ink is dark and the signature is fluid, with a long, sweeping underline.

Jennifer Berkey
